Comments Regarding Pricing Strategy		
<p>Due to suburban density and the lack of more suitable comparisons, it was necessary to exceed over the, guidelines for gla, lot size, age and some recommended guidelines when choosing comparable properties. The value as of today is \$230000. Value best supported by sold comp 2 and list comp 1 is the most comparable to the subject. Proximity to the highway would not affect subject's marketability and both sides of the highway are similar market areas. Commercial presence for the subject would not affect the subject's condition or marketability. Comps used are different styles due to the lack of recent market activity, used most similar found. The home ret price 1,288.</p>
