Comments Regarding Pricing Strategy		
<p>Used sales over 3 months old due to the lack of more recent sales from the subject's immediate area. To locate comparables, it was necessary to exceed style and lot size. Comparables (CS1, CS2) received multiple offers which resulted in an increased final sale price relative to list price. Subject is located near busy street, educational institutions, water bodies, worship place and commercial buildings. However, this will not impact subject market value. In delivering final valuation, most weight has been placed on CS2 and LC3, as they are most similar to subject condition and overall structure. Subject attributes are from Tax record.</p>
