<b>Comments Regarding Pricing Strategy</b>		
<p>The subject property is a 1.5 story 1080 square feet single-family home was built in 1984 containing 3 bedrooms and 2 bathrooms. The exterior inspection revealed that the subject has been adequately maintained and considered to be on average marketable condition. The difference in style due to the neighborhood area hard to find comparable that is similar to the subject in condition and criteria. It was necessary to exceed the lot size variance guideline of 25% in an effort to use the best available comparable from within the subject's market area. Subject and comparables are located near to park and high way. It does not cause any negative or adverse effect on the market value. In delivering final valuation, most weight has been placed on CS3 and CL1 as they are most similar to subject condition and overall structure.</p>
