<b>Comments Regarding Pricing Strategy</b>		
<p>Subject's Pricing: The subject's Sale Price has been bracketed within the range of comp values, with the most weight placed on Sale 1 due to its similar attributes to the subject. Similar comps within the subject's market area support a Sale Price for the subject which is higher than the subject's most recent sales price. The subject property is a single family home, which is in overall average condition on the exterior. The exterior of the subject property does not appear to be in need of major repairs. Comps were searched for within a distance of 1 Mile and back 6 months in time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for similar comps was +/- 20% of the subject's Sq. Ft. The subject is in average exterior condition and there is a shortage of similar average condition comps. Therefore, it was necessary to use one superior condition comp within this report. Inventory is decreasing, and demand is stable within the subject's market area. REO/SS are less than 1% of recent sales and listings in this area.</p>		

### Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
