Comments Regarding Pricing Strategy		
<p>Subject's Pricing: The subject's Sale Price has been bracketed within the range of comp values, with the most weight on Sales 2 and 3 due to their similar attributes. The subject property is a single family home, which is in overall average condition on the exterior. The exterior of the subject property does not appear to be in need of major repairs. Comps were searched for within a distance of 1.25 Miles and back 6 months in time. Listing Comps were searched for beyond 1 Mile in order to locate comps similar in GLA and other attributes. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for similar comps was +/- 20% of the subject's Sq. Ft. The subject is in average exterior condition and priority was given to locating comps which are in average condition. It was necessary to use three superior condition comps in this report, due to limited similar average condition comps. Inventory is decreasing, and demand is stable within the subject's market area. REO/SS are less than 1% of recent sales and listings in this area. The subject property did not appear to have any major negative site influences.</p>
