<b>Comments Regarding Pricing Strategy</b>		
<p>Location is most important, SC1 is most weighted for this report. Subject is bracketed with inferior and superior comparables. Extensive review of many comparables with expanded search due to subjects unique newer construction in a older subdivision. Subject and comparables are entry level and most affordable for this community. Other than location, GLA, floor plan, condition, acreage, etc. considered as important search criteria. Since January 2023 to present, values have appreciated 5-10% due to historic low inventory with more demand than supply. Lastly, I did try to use the most recent closed sales.</p>
