Current Listings - Cont.

Listing Comments Why the comparable listing is superior or inferior to the subject.

- Listing 1** Smaller square footage. Same number of bedrooms, bathrooms and living areas. Similar age. Similar lot size. This comp is the only available active comparable located in the same neighborhood. It appears to be listed over value for the neighborhood. The highest any home has sold for in the neighborhood in the last 12 months was \$249,990 and that was a substantially larger home. There were no other available active comps within a 1 mile radius of the subject property.
- Listing 2** Slightly larger square footage. Same number of bedrooms, bathrooms and living areas. Similar age. Similar lot size. Due to a shortage of active listings in the neighborhood and the subject property being one of the smaller homes in the neighborhood had to expand the search up to 1.1 miles in order to locate the required number of active comparables.
- Listing 3** Smaller square footage. Same number of bedrooms, bathrooms and living areas. Similar age. Similar lot size. Due to a shortage of active listings in the neighborhood and the subject property being one of the smaller homes in the neighborhood had to expand the search up to 1.1 miles in order to locate the required number of active comparables.
