#### **Comments Regarding Pricing Strategy**

Value in report was based on the most equal list and sold comps available at the time of report. More weight was given to sold comps as they most accurately reflect current values and trends. List comps are typically priced higher than they will eventually sell for and are not as reliable in determining values. Quality Notes; Due to the lack of comps equal to subject in all characteristics, search had to be expanded in gla, lot size, age, exterior, bedrooms, baths, garage, over 1 mile search distance, and over 6 months sold time. Adjustments were made for inferior and superior characteristics. Bedrooms and baths were estimated due to no prior MLS data. No adjustments were made for that criteria.
