Comments Regarding Pricing Strategy		
The subject is a manufactured home. There are very few comps within several miles and the agent had to utilize what was available. The subject is located on a larger lot and no comps were on similar lot size, therefore the agent adjusted for that difference in value.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes	The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
