Comments Regarding Pricing Strategy		
<p>Search was very expanded in distance to try & find best comps for subject & to try & bracket subject features, including age & pool feature. Every effort made to find/use comps with as close proximity as possible. Currently within 3 miles of subject there are 2 sold comps & no active comps with pools. Search further expanded to include homes that do not have a pool. Search also expanded in age out of necessity. All of the comps are within 2 miles of subject. Subject property will have very strong marketability due to the value range & pool feature. Rehabbed properties are still selling at the top of the market. Most sales currently do involve seller paid concessions. Note that 2 of the sold comps used here had concessions paid.</p>
