Comments Regarding Pricing Strategy		
Subject address was verified by parcel location on subject street. Value based on comp data found from the MLS, I used comparables within the same market. Based on the current comps and market the subject should sell in the indicated range as based on competitive sales and listings. After a thorough search in the MLS for comps of similar size and property type, I had to extend over a 1 mile radius in this area due to a lack of comparables found that were similar and reasonable substitutes for subject property.
