Comments Regarding Pricing Strategy		
<p>The neighborhood has a shortage of homes on the market as there are more homes which have sold than listed in the past 6 months. Naturally, this shortage has enabled prices to rise and this trend is expected to continue over the next 6 months. The subject was strategically priced mid-market because all homes were from the same/similar subdivisions, and were of similar GLA, age, style, and lot utility. No extraordinary characteristics were noted to price low or high. Due to limited available market data for similar properties in the subject's immediate neighborhood, it was necessary to utilize comps with the following variances in GLA, Year built and lot size.</p>
