| Comments Regarding Pricing Strategy | | |
| <p>I went back 6 months out in distance .5 miles and found 3 comps of which I could use with the correct requirements. I went out in distance 1 mile and found 3 listings of which I could only use due to lack of listings in the immediate area. The comps used are the best possible currently available and the adjustments are sufficient for this area to account for the differences in the subject and comparables. There are more buyers than listings. Some sellers are receiving multiple offers when priced appropriately. The market isn't driven by REO's.</p> | | |

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
