Comments Regarding Pricing Strategy		
The subject property is renovated per current MLS listing. Search was expanded to 2 miles and sold back 12 months for most proximate comps. Due to high competition in the area, listings are valued below market to attract buyers and tend to sell above listing value like sold comps 2 and 3.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported. DV: Variance is captured by more recent and proximate sold comps that better bracket subject GLA. The current report is deemed most accurate.
