Comments Regarding Pricing Strategy				

Comments Regarding Pricing Strategy

The property is a SFR home in average condition. Subject attributes were taken from Tax record. Due to limited comps in the area, it was necessary to exceed proximity upto 3 miles. To locate comparables in close proximity of subject, it was necessary to exceed lot size guidelines, age, GLA, style and bed/ bath count. Comparable S1 received multiple offers which resulted in an increased final sale price relative to the list price. Subject is located near busy streets, worship place and commercial buildings. This however will have no impact on value. In delivering final valuation, most weight has been placed on CS2 and LC2 as they are most similar to subject condition and overall structure. No clear subject pictures available since the subject is behind lot of bushes.

Clear Capital Quality Assurance Comments Addendum

Reviewer's The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported. Notes
