<b>Comments Regarding Pricing Strategy</b>		
<p>SFR average close price decreased 1.9% from year over year. Inventory remains below what is considered a balanced market. Days on market are averaging around 45. Homes are averaging 99% list to sales price ratio. The suggested list price is based upon comparable sales used in account with current market conditions. Also based on exterior inspection only- interior condition could dramatically affect the value of the property.</p>
