Comments Regarding Pricing Strategy		
<p>The value as of today is \$479000, with typical marketing time at 90 days. The subject is located in a neighborhood with easy access to the highway. Most yards and home exteriors appear to be in good order with only minor maintenance neglect. The home conforms in respect to style, utility, and overall appeal. The view from the subject property is other Homes in the neighborhood. This type of view is typical for most other homes in the neighborhood. Prices are rapidly increasing as the area has a shortage of homes on the market, combined with very few REO/shortsales. The subject was strategically priced mid-market because all homes were from the same/similar subdivisions, and were of similar GLA, age, style, and lot utility. No extraordinary characteristics were noted to price low or high.</p>
