Comments Regarding Pricing Strategy		
<p>Due to an extreme shortage of comp listings, I had to expand the radius up to two miles and then allow for one comp in good condition. In the last year there have only been three sales that were within 20% of the subject's GLA and offered a private pool. CS3 was in good condition. A weighted comparable method was used to reconcile the subject's current market value with more weight given to the sold comp most like the subject. A list to sale ratio of 98% is reflected in the suggested list price. The 30-day price reflects a 2% discount.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
