Comments Regarding Pricing Strategy		
<p>SC1 and LC1 are most weighted comparables. Subject and comparables are some of largest floor plans in subdivision. Subject is bracketed with inferior and superior comparables with extensive review of many comparables going back 9 months. Current market conditions have flat appreciation due to high mortgage rates and unaffordability. Values not in decline due to historic low resale inventory. Some signs of increasing DOM which if inventory increases, values might start declining.</p>
