Comments Regarding Pricing Strategy				

Due to a lack of comps it may not be possible to bracket all of subjects features. Fair market comps from the same neighborhood, block or subdivision are used whenever possible. The sales and listing search revealed comps were that had similar size and features and are located in the closest possible vicinity to the subject. Search parameters start at 1 mile and closer and expand out as needed. Comp sale date starts at 180 days and earlier. GLA search starts at 15% smaller or larger of subject and increases only if necessary.
