Comments Regarding Pricing Strategy		
<p>I went back 12 months, out in distance 3 miles, and even with relaxing mile to subject search criteria I was unable to find any comps which fit the gross living area, close date and age requirements. Within 2.60 miles and back 12 months I found 6 comps of which I could only use due to the gross living area, close date and age requirements factors. The ones used are the best possible currently available comps within 3 miles and the adjustments are sufficient for this area to account for the differences in the subject and comps. The value as of today is \$178,000. The typical marketing time is 78 days. The subject is within 2 miles of Westpark Tollway. In the subject market, home value ranges from \$80,000 to \$360,000. The median home value in the subject neighborhood is \$150,000. The subject is conforming to the neighborhood. There are no comparable listings in the subject same immediate subdivision.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
