Comments Regarding Pricing Strategy		
<p>Subject property is located in North-East of Denver, Colorado in the city of Commerce City , Colorado, in the neighborhood called Fronterra Village a well-established and popular neighborhood built in the late-2000s close to schools, shopping, retail, restaurants, sporting venues, rec center, amusement park, golf course, sporting venues, medical and dental offices, day care, park a block away, trails, open space, grocery stores, banks, worship, pharmacy, light rail, public transportation, and highway access. 30-minute drive to downtown Denver, 30-minute drive to the airport. This neighborhood in Commerce City, Colorado has all the same issues as of many of the neighborhoods in the Denver-metro areas, some neighborhoods still have low inventory, even with decreasing homes prices, and inventory increasing, homes are still selling at a reasonable rate even with the rise in interest rates, homes are going under contract on average in 47 day, and there is a 5 weeks supply of homes on the market.. Although we are seeing some adjustments in pricing after the rate increases, and Sellers are having to make some concessions, like allowing the Buyer to have inspections, and paying some of the Buyer's closing costs. Denver-Metro home prices did increase 1% in December 2023. Based on my investigations of the subject property, the condition of the subject property, the market conditions in the neighborhood, I am placing the value of the home at \$363,900.00.</p>
