Comments Regarding Pricing Strategy

Good Condition: The subject property is in Good Exterior Condition. The subject's attached Prior MLS Listing shows that the subject is in Good Condition, with updating. Subject's Pricing: The subject's Sale Price is bracketed within the range of comp values, with the most weight placed on Sale 3 due to its similar attributes to the subject property. All of the comps are located within the subject's subdivision. Similar comps in the subject's market area support a Sale Price for the subject which is higher than its most recent sales price. The subject property is a single family home, which is in overall good condition on the exterior. Comps have been selected for this report which are in similar condition. The exterior of the subject property does not appear to be in need of major repairs. Comps were searched for within a distance of 1 Mile and back 6 months in time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for similar comps was +/- 20% of the subject's Sq. Ft. Market conditions and home prices are increasing within this area due to continued strong demand and limited inventory of homes for sale.
