Comments Regarding Pricing Strategy

Most weight given to closed sales considering shortage of available comps for sale in the area. Searched +-20% in size, 1 mile radius, and 12 months in time. Used best available comps & bracketed as many parameters as possible but not able to bracket all & especially not all at the same time. Home appears to be lived in & maintained & all equipment appear to be in working order as intended & no need for repairs noted. Home is located in a single family neighborhood close to shopping, entertainment & multiple freeways. The comps used are the best possible currently available comps within 1 miles & the adjustments are sufficient for this area to account for the differences in the subject & comparables. The variances could not be avoided & the comps were chosen for their similarities to the subject. There is still a shortage of available homes for sale. Rising interest rates have increased the days on market. Despite higher interest rates home prices have not changed much due to the lack of inventory.
