#### Comments Regarding Pricing Strategy

The search was based on a one-mile radius, GLA, age, lot size, and style. Due to the market with low inventory of similar properties, it was necessary to expand age and GLA. Additionally, it was not possible to maintain a 15% high/low ratio. The most weight was placed on Sale Comp 3 because it is in the same building as the subject, is similar in GLA and is on the same floor as the subject with a similar view. The most weight was placed on Active Comp 3 because it is i the same building as the subject, is the same GLA, and has a similar view. Unless the broker is licensed under the Idaho real estate appraisers act, chapter 41, title 54, Idaho Code, the report is not intended to meet the uniform standards of professional appraisal practice. The broker's price opinion is not intended to be an appraisal of the market value of the property, and that if an appraisal is desired, the services of a licensed or certified appraiser should be obtained.
