Comments Regarding Pricing Strategy		
Subject property should be priced near mid range of currently listed competing listings due to shortage of competing properties, but slowing of pending sales. It is most like Sale #1 which sold for adjusted sales price of \$592,400. It was under contract in 5 days from price reduction. Subject property would be expected to sell slightly above this price point with 90 days on market. Suggest interior inspection to determine if any damages exist, not apparent from exterior inspection.
