Comments Regarding Pricing Strategy		
<p>I researched sold and list comps in a 1 mile radius and tried to bracket GLA age and lot size. All comps chosen have the similar locational influences and would be considered to be within subjects comparative market area. Most likely buyer would be owner occupied. Schools, places of worship, highway, playgrounds and parks in the area do not have a negative impact on marketability or value of subject. Due to age of subject and comps, some updates should be expected as maintenance. Comps chosen are the most mid range average comps available in subject's neighborhood. Unknown if solar on subject property is owned or leased. Due to lack of similar comps I was unabl to find comps on bigger lot size. Subject property has taken the house number down, street sign picture attached and house number picture is from Google Earth. Data taken from MLS, tax records, Calif. Association of Realtors.</p>
