Comments Regarding Pricing Strategy		
<p>Due to location of subject property, year built, house square footage, bedrooms, bathrooms and lot size all comps considered are within 1 mile of subject property, year built to 10 +/- years, house square footage to 15% +/- sq. ft. and sold comps back 6 months. Markets in this area have been fairly stable over the last 12 months; however, as interest rates have increased new properties coming n the market has leveled off. Currently markets are still fairly active with generally those properties that priced right when they are first put on the market a generally selling fairly quickly.</p>
