Comments Regarding Pricing Strategy		
<p>**No address was posted on the subject, street sign and neighbors address was used to identify the property. Google images and GPS also confirm the location.** The sales Comparison Approach was used. This approach uses the values indicated by recent sales and listings of comparable properties in the marketplace as guidelines for determining a fair market value of the subject property. A normal 90 to 120 day sale price would be recommended, market conditions with available inventory in this area of the Florida market and projected price point would not suggest a need for 30 day quick price sales strategy.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.

The difference in the as-is conclusion from the prior report is due primarily to the prior report utilizing comps that were superior in condition to the subject, as they had been remodeled/upgraded, skewing the as-is conclusion towards the top end of the market.

Instructions last updated: 07/29/2024

Purpose:

Please determine a Fair market price for this property at which it would sell in a typical marketing time for the area.

Comparable Requirements:

If any of the following comparable criteria cannot be met, the commentary is required as to why you expanded your search, and what the effect on price will be.

1. Use comps from the same neighborhood, block or subdivision.
2. Use REO comparables only if the market is driven by REOs and they are comparable in characteristics and condition.
3. Use comps that have closed in the past 3 months to show the current market conditions. In rapidly changing markets, active listing comps should be given equal or greater weight than sold comps in your analysis.

Property Condition Definitions:

1. Poor: Uninhabitable or severely damaged from fire, flood, vandalism or mold
2. Fair: Repairs needed, may not be eligible for all forms of financing, below the neighborhood average
3. Average: Minor cosmetic or no repairs needed; typical for the neighborhood, move-in ready but no significant updates or renovations
4. Good: Above average, move in ready, no repairs necessary and has recent and significant updates and/or renovations (or, for customers that do not provide for 'Average', any move-in ready property)
5. Excellent: Newer construction (1-5 years) or high end luxury
