Comments Regarding Pricing Strategy

Search was expanded to include this whole tract, along with the most proximate similar aged tracts in same market area in order to find best comps & to try & bracket subject features. Every effort made to find/use comps with as close proximity as possible. In this case search was expanded up to 2 miles to find active comps. All of the sold comps are from same tract as subject & were weighed more heavily in establishing value. Properties in this value range are still in very high demand & rehabbed properties are still selling at the top of the market. Many sales do involve seller paid concessions, usually for interest rate buy down & this is something that should be expected with any offer. Note that all 3 sold comps used here had concessions paid.
