Comments Regarding Pricing Strategy		
<p>Search was expanded to include the most proximate similar aged tracts in same market area in order to find best comps & to try & bracket subject features. Every effort made to find/use comps with as close proximity as possible. Search was expanded up to 1.3 miles to find comps. Currently within 1.3 miles there are no active comps that bracket subject age, and none built any newer than 2006. The best available comps are used here. Subject will have good marketability due to the location, age, room count. Rehabbed properties are still selling at the top of the market. Many sales do currently involve seller paid concessions, usually for interest rate buy down & this is something that should be expected with any offer currently. Note that all 3 sold comps used here had substantial concessions paid.</p>
