<p>The pool of comparable used to derive the above data was obtained from a search completed on the local MLS system. The following parameters were used: MLS area Stockton, 0.500 mile radius, back 6 months in time, dwelling square footage ranged from 1163 to 1763 sq. ft., the year built ranged from 1945 to 1955 The search returned 3 sale and 1 active/pending listing. Due to a lack of recent activity, the comparable search parameters could not be meet. Search parameters were expanded up to 1 miles on distance, regardless of size and age. The most recent relevant comparable were used in this report. Market appears to have stabilized after months of instability.
