Neighborhood & Market Data		Neighborhood Comments
Location Type	Suburban	subject was built on "infill" land in an otherwise old residential neighborhood built in the 50-60's. Subject is one of the few "attached" style homes in the area which prompted me to expand my search radius in order to find "like" style comps. This area is centrally located with quick access to all parts, schools and tons of small businesses/shopping/restaurants. Current market remains a strong seller's market and inventory is "extremely" low for this type property.
