Comments Regarding Pricing Strategy		
<p>Search was expanded to include this whole large semi-rural market area in order to find best comps & to try & bracket subject features. Every effort made to find/use comps with as close proximity as possible. In this case search was expanded up to 1 mile to find comps. Properties in this value range are still in very high demand & rehabbed properties are still selling at the top of the market. Many sales do involve seller paid concessions, usually for interest rate buy down & this is something that should be expected currently with any offer.</p>
