<b>Comments Regarding Pricing Strategy</b>		
<p>The home conforms in respect to style, utility, and overall curb appeal. The view from the subject property is other Homes in the neighborhood. This type of view is typical for most other homes in the neighborhood. The area comprises of a mix of REO/shortsale/FMV homes, with typical average DOM of 90-120 days. The market and unemployment levels are holding stable or increasing at an insignificant rate. The subject was strategically priced mid-market because all homes were from the same/similar subdivisions, and were of similar GLA, age, style, and lot utility. No extraordinary characteristics were noted to price low or high. - There were not enough similar comparable found within the subject's immediate area. Due to this it was necessary to exceed proximity guidelines: using comps with variance in GLA, Lot size, Year built and price were necessary in order to obtain comps.</p>
