Comments Regarding Pricing Strategy		
<p>The subject is currently listed in the MLS as a Short Sale at \$400,000 which is significantly lower than the sales in the area. There is no interior photos to review in the MLS. The agent mentions there is repairs needed but they are unknown. This is a drive-by BPO and I will be placing the Subject in Average condition. I have reviewed the MLS info with client QC rep prior to completion. This is a Broker's Price Opinion and was prepared by a licensed Real Estate Agent. It is not an Appraisal. This opinion cannot be used for the purpose of obtaining financing. Notwithstanding any preprinted language to the contrary, this is not an Appraisal of the market value of the property. If an Appraisal is desired, the services of a licensed or certified Appraiser must be obtained. This document is not an appraisal as defined by USPAP (Uniform Standards of Professional Appraisal Practice). It is not to be construed as an appraisal and may not be used as such for any purpose. Priced according to condition and current market activity. Some comps varied in location, condition, year built, lot size and GLA from the subject property due to a lack of similar comps in subject's area. Some distance and time guidelines may have been exceeded. Comps used were best available at the time of report. Comps were adjusted to come to a final value. In delivering final valuation, most weight has been placed on CS1 and LC3 as they are most similar to subject condition and overall structure. Market values remained stable during last 12 months within subject's market area.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
