Comments Regarding Pricing Strategy		
Subject is in suburban location with GLA 1398 sq.ft which is not typical for the area. So I used 2 miles radius and 1 year to find similar comparable. The subject should be sold in as-is condition. The market conditions are currently stable. Proximity to the highway and commercial would not affect subject's marketability and both sides of the highway and commercial are similar market areas.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
