Comments Regarding Pricing Strategy		
<p>I arrived at this price conclusion based on the similarity of the comparables, the influence of the neighborhood, the condition of the subject property, and various other marketing factors. Any/all variations in the comps were taken into consideration when determining this price and it reflects my complete analysis. In light of the limited comparable, it becomes essential to include properties that may exceed the variance of GLA, actual age, condition, and lot size. Due to the limited number of comps in the local market it was necessary to use a comparable that was slightly outside the allowable price threshold.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
