**Listing Comments** Why the comparable listing is superior or inferior to the subject.

**Listing 1** Comp 1 is the same size and most all other features. The only difference is the age of the comp is younger which will make it have a higher appeal.

**Listing 2** Comp 2 is younger but also a smaller home to offset. The other features are the same to make the values of the two homes very similar.

**Listing 3** Comp 3 is inferior since the home is in a lower valued area of town. The comp is slightly younger and larger but the site value is lower overall.

<b>Comments Regarding Pricing Strategy</b>		
<p>This home will pose no issues on the resale market if priced according to its age and overall location. The home should command a good value with little effort in a reasonable marketing time frame. Typically I try to find comps that are under a mile radius to the subject but the comps used were the within the smallest radius possible to the subject that were within 300 GLA and 15 years of age of the subject. There are no other comps that are as comparable in a smaller radius.</p>		

### Clear Capital Quality Assurance Comments Addendum

## Addendum: Report Purpose - cont.

**Report Instructions**

This section shows the instructions that were approved by the customer and provided to the broker prior to completing the report.

Instructions last updated: 07/29/2024

**Purpose:**

Please determine a Fair market price for this property at which it would sell in a typical marketing time for the area.

**Comparable Requirements:**

If any of the following comparable criteria cannot be met, the commentary is required as to why you expanded your search, and what the effect on price will be.

1. Use comps from the same neighborhood, block or subdivision.
2. Use REO comparables only if the market is driven by REOs and they are comparable in characteristics and condition.
3. Use comps that have closed in the past 3 months to show the current market conditions. In rapidly changing markets, active listing comps should be given equal or greater weight than sold comps in your analysis.

**Property Condition Definitions:**

1. Poor: Uninhabitable or severely damaged from fire, flood, vandalism or mold
2. Fair: Repairs needed, may not be eligible for all forms of financing, below the neighborhood average
3. Average: Minor cosmetic or no repairs needed; typical for the neighborhood, move-in ready but no significant updates or renovations
4. Good: Above average, move in ready, no repairs necessary and has recent and significant updates and/or renovations (or, for customers that do not provide for 'Average', any move-in ready property)
5. Excellent: Newer construction (1-5 years) or high end luxury
